**KINGS PLACE
STUDIO HIRE**

HALL TWO STUDIO SPACE

We've adapted Hall Two, one of our premium spaces into a studio space for a dry hire or fully staffed and equipped facility for your virtual or hybrid event. Take advantage of our award-winning facilities, experienced team, and in-house technology for a full, professional experience.

Our dry hire option offers a smart and flexible option with the room's wooden floor and wall panels creating a warm and elegant environment. The room has 206sqm space floor space and a 6m high ceiling. Hall Two has a built-in, sound-proofed glass technical booth which your technical team or chosen production supplier can make the most of. Additional staffing charges will apply for staffing to support load in, derig and general AV support, we will provide a quote for this based on your requirements.

If you prefer to leave the production in our hands the space is available with full tech and staffing inclusions. With this option you can walk into the room ready to start your event immediately, exactly as you would with a live event at Kings Place.

We offer different levels of filming and streaming and can suggest the right combination to suit your event. Whether you are broadcasting to delegates from across the world via multiple channels, or to a smaller, targeted group, we will suggest the right combination for your event. Our advanced streaming option even includes a microsite that can manage delegate registration and be monetised with a paywall.

"Hosting our virtual event at Kings Place brought a sense of scale, occasion and most importantly, pre-covid normality to our conference. The venue looked fantastic on film and the Kings Place team were a pleasure to work with. The venue was a safe environment for both our crew and speakers."

George Butler, Head of Marketing, Radiocentre

PACKAGES

Dry hire inclusions:

Black canvas room, 206 sqm flat floor space, Venue technician to offer general assistance, House lights, Power, Wifi

£350 per hour, minimum of 6 hours

£400 per hour, minimum of 6 hours

BOLT ON: Live Streaming (in-house)

This in-house option includes a live stream to social media sites (YouTube, Facebook, Vimeo) and can include Zoom or Skype calls. Full staffing is included. A filming and recording package must be taken in addition.

£1500+VAT (£250p/h, min 6 hours)

BOLT ON: Bespoke live streaming

Working together with an external partner we will create a tailored microsite for your event that can include: agenda speaker profiles, social media networking, pay to view streams and all-important customer data capture. Our broadcast staff will be on site to assist you with any help you might need. A filming and recording package must be taken in addition to this.

£3000+VAT (per day, hourly rate not available)

Filming & Recording (in house)

3 HD broadcast camera kits, plus operators to capture your show from multiple angles. Ideal for general event coverage. Includes multitrack audio and full edit. Additional cameras available on request.

£2600+VAT (£434p/h, min 6 hours)

A photograph of a modern building at dusk. The building features a curved glass facade on the right side and a light-colored stone or concrete facade on the left. Several balconies are cantilevered from the building. The sky is dark with some clouds, and the building's interior lights are visible through the windows. In the foreground, there is a street with a blurred car and a metal railing.
