CRAFTED BY  
GREEN &  
FORTUNE

## Green & Fortune is committed to paying beyond the London Living Wage for all employees.

Our hourly rates are higher than the minimum wage, the London Living Wage and also the average rates paid by many companies in the hospitality sector. A fair reward for the hard work and long hours that they put in to ensure our hospitality service exceeds our customers' expectations. This is a part of our strategy to ensure we both recruit and retain great talent.

## Staffing charge on food and beverage orders for events.

In acknowledgement of the challenges within the hospitality industry, we add a 12% staffing charge on all food and drink elements of your event. This charge, as well as allowing us to continue paying beyond London Living Wage also enables us to provide support for our team when they need it most.

Specific Initiatives it helps to fund include 'Green & Fortune Supports', our employee assistance programme. The scheme was initially launched during the pandemic to offer help to those hardest hit, and included mentorship, training, complimentary meals and financial support if needed. Since then, it has developed to support our people through the cost-of-living crisis with one-off payments, at a cost to the business in excess of £100,000 in November 2022 and February 2023. These payments were made based on salary, with hourly employees and those earning less than £30,000 benefitting the most.

In addition to this, it also enables long service rewards, and enhanced training. If you have any questions regarding this charge, please do speak to the team who will be happy to help.

## BELOW IS A LIST OF SOME OF OUR VALUED PARTNERS:

**LONDON SMOKE AND CURE**, a small Streatham based company smoking and curing meat and fish from sustainable sources. They use renewable electricity, reduced packaging, and comprehensive waste management systems, as well as delivering all of their orders by e-cargo bikes

**ALLAN READER**, a London based family run dairy who work closely with farmers

**PAUL RHODES BAKERY**, a Greenwich based, leading independent bakery producing hand-crafted bread

**OLD SPIKE COFFEE**, founded in Southwark, 65% of their profits directly fund their social and environmental goals which include tackling homelessness

**CELTIC FISH & GAME**, a family run business based in St. Ives supplying the finest and freshest sustainable fish and game

**HOPE & GLORY**, British tea company who are fairtrade certified and use only 100% organic ingredients

**VALIMEX**, Fruit and vegetables sourced from UK and international growers, fully aligned with sustainable farming practices. They plant nitrogen enriching plants to stop unnecessary fertilisers being used

Wherever possible we use quality and independently sourced British suppliers to ensure the best possible ingredients. We produce as much as possible in-house, for example our team of chefs includes an on-site baker to help us create the sweet treats on the menus and ensures we can offer a product that is of the highest standard.

Sustainability is high on our agenda and we reduce food miles as much as we can. You'll see a number of chef's choice or chef's suggested selections throughout the menus, these offer great value for you and allow us to embrace seasonality and reduce food waste.

V - vegetarian

GF - gluten free

VE - vegan

O - organic (wines only)

## CORNEYSIDE FARM, NORTHUMBERLAND

Our menus are special as they use beef and lamb from Corneyside Farm, in Northumberland. Using meat from our own farm allows us complete visibility of the farm to fork process. The beef and lamb are also hung on-site in our own hanging room before being prepared by our in-house butcher.

# BREAKFAST

All our fresh produce is carefully sourced and free from pesticides

A selection of hot and cold breakfasts to suit every event. All our coffee is from independent farms and our bread is hand crafted.

If you're keen to send out a stronger message about food sustainability through the catering at your event we have some options for you to consider. These dishes have all been created to use underused ingredients, ingredients that might otherwise go to waste and in some cases dishes that heavily minimise waste.
